To Whom It May Concern:

Larry Clarke has assisted Prairie Township as a real estate professional on two major projects recently, site selection and purchase of sites for a new 40,000 square foot community center and a new sports complex, as well as site selection and purchase negotiation for a sheriff's substation. These were both major public projects for our community, so we needed a professional that was both knowledgeable and willing to put a good deal of effort into filling our needs. I was very much pleased by Mr. Clarke's performance on both of these counts. Larry was professional and flexible in his efforts to accommodate Prairie Township's needs, even as the projects presented the type of unique, complex problems and roadblocks that seem to be inevitable with large government endeavors.

I enjoyed working with Mr. Clarke and look forward to the possibility of doing so again in the near future. I am available to discuss my association with Larry in more detail with anyone that wishes to do so.

Sincerely,
